

## Multi Academy Trusts

Providing broadband connectivity and IT services to multi academy trusts across the UK

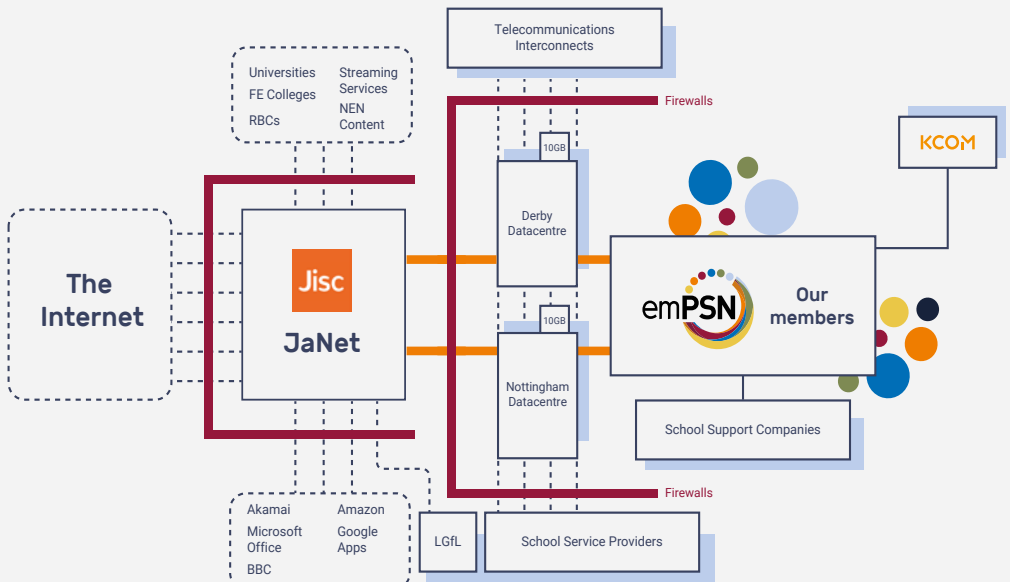

**secure  
connections  
for the public good**

# We are not-for-profit owned by you our members

We provide a network that will allow you to connect safely and securely to the Internet, the National Education Network (NEN), the Janet Network, service providers and streaming services.

## emPSN Secure Network

# More than an **internet connection**

We can provide a secure VPN (Virtual Private Network) across all of your school sites. Our services are designed to enable cluster schools and academies to work together to share services and information.

- Provides a single private network to connect each academy within a trust/cluster school to one another, designed to meet your specific requirements
- Connecting schools and service providers in the region and nationally
- Provide an on network connection via Janet to the Internet and a wide range of peered services e.g. MS Office 365, Google, Google Apps and the BBC.
- Offer a wide range of connectivity options (technology, bandwidths, contract terms and suppliers).
- Provide connection to the NEN (National Education Network) and to free content from British Pathé, Audio Networks, Listening Books and LGfL.
- Support schools to change their application service provider without changing their connectivity.

## Multi Academy Trusts and Cluster Schools

Whether you're a large inner-city MAT or rural primary, we have a team to support you to get the right package for your school.

Using our framework of suppliers, we can ensure that you have the most cost-effective solution to meet your bandwidth and application services requirements.

Our network is UK wide and can service organisations across the country.

**[Request a free quote](#)**

We securely connect **1200+** organisations in the UK to each other, the NEN, the internet and a wide range of services.

To discuss your requirements for your school or MAT, please contact the emPSN office on:
