

Choose emPSN

Our network provides secure managed broadband connectivity and a fully monitored range of application services.

**secure
connections
for the public good**

Who we are

emPSN provide broadband connectivity and online IT safety services to schools in the UK.

Our services are provided through a catalogue of trusted suppliers, each of which have been through a stringent OJEU compliant procurement process.

Our small team are based in offices in Northamptonshire and we work with a range of service providers to offer a wide array of internet services and connectivity through our secure network.

We offer our customers a variety of benefits, as well as a choice of buying options, and all the services you take from us are issued on just one bill.
